Accomplishments

The Current Board of Directors of the Community Association of Rancho Del Cerro has been proactive since taking office on June 25th, 2007, and we are proud of the various projects that have been accomplished during this tenure. Among the various items, the following list is but some of what has been accomplished:

– We worked with the County to install a new larger, easier to read signpost at the corner of Camino del Cerro and Paseo de los Rancheros. The county would not install a warning sign on Camino del Cerro before Rancheros, but they did agree to remove a tree and some brush and to install a larger sign for Rancheros. By doing that it made our signboard easier to see before coming to the corner.

– We worked on our signboard at the entrance of Camino del Cerro and Rancheros. We took off all the letters, prepared the wood surface with water seal, painted the letters a bright white, and added glass beads to the paint, so that the letters were more visible at night. We also found some new solar lights that appear to be working quite well, so that the signboard is now more visible before that corner is reached.

– We cleared brush from a number of corners, including Camino del Cerro/Paseo de los Rancheros; Paseo de las Colinas/Paseo de los Rancheros; Paseo de los Rancheros/Rancho; and Paseo de los Rancheros/Quetzal. This has made the line of sight while driving easier, hopefully avoiding accidents.

At our request. the county sheriff's office did a rope test of the speed limit and found that in general, cars were speeding. They indicated they would check the area more often for speeders.

– We established a quarterly newsletter to keep our residents more fully informed of news and current situations within our Association

– We worked diligently on our past dues situation. When taking office, we had 35 homeowners that were behind in dues to a total of \$2,272.50. As of December 2008, that figure was only 5 homeowners and \$410.00 past due.

– We restarted a Neighborhood Watch Association. The former group was no longer active, and at last years Annual
